

About Kristin:

For the past four summers I worked at Riverside Bible Camp in Story City as both a counselor and Ministry Assistant. God revealed to me the immense JOY that is found when working with His Children. It was through spending time teaching the Gospel to campers that I realized that I desired to work within the ministry field in the future. After I attended UNI for 2.5 years, I fell in love with the Cedar Falls community - so here I am getting to share Jesus with kids, volunteers, AND live in Cedar Falls! Wahoo! I joined the staff team in December of 2017.

As the Children's Ministry Volunteer Coordinator, I have the opportunity to recruit and engage with the volunteers that serve KidzRock on Sunday mornings through coffee dates, encouragement, and lots of donuts! I am also the WOW Coordinator for our Wednesday night programming for Kindergarten through 4th graders. It's a blast being able to bring the Bible alive through music, crafts, games, and more! This summer I am super excited about recruiting volunteers and interacting with kiddos while leading VBS.

I am passionate about lower-case letters. It may seem silly, but throughout the years I have found that using lower-case letters allows me to experience God in a new way! As I text/type/write (non-professional items), I only capitalize the words that are directly speaking of God as a way to visually see how He is greater than me. Try it sometime!

In my spare time, I love to welcome people into my home. It brings me great joy to make pancakes, brew some coffee, and put on a Hallmark movie for those in my community. I also enjoy reading, writing, and making memories with my roommates!

One of my favorite verses is... "Yet this I call to mind and therefore I have hope: because of the Lord's great love we are not consumed, for His compassions never fail. They are new every morning; great is your faithfulness." (Lamentations 3:21-22)
